

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

The annual BCD banquet will be held in the high school gym this Friday night and we would urge everyone to attend.

There are a number of reasons why you should support this function by your attendance. The first and foremost reason would be that the people that serve on the board and have done the work of planning and organizing this banquet deserve your support.

Another reason is that a large number of out-of-town people usually attend these affairs and it creates a bad image for Hamlin when the visitors out number the local people at a function that is supposed to represent the people who are interested in the growth of Hamlin.

Another good reason is that you will have an enjoyable evening. From publishers from across the state that we have talked to we hear that Lee D. Herring, the speaker for the evening, is very entertaining.

We would urge you to take yourself away from the TV for an evening and mix and mingle with your friends and neighbors, both from here and over the area. It is very doubtful that you will miss much if you forego an evening in front of the tube.

Our family spent this past weekend in Big Bend National Park attending the mid-winter convention of the West Texas Press Association of which we have the honor being president. This was a most unusual place to hold a convention and it made for a very enjoyable weekend. We were able to mix a little sightseeing in with the business of the meeting and managed to come home completely exhausted but ready to go again.

This was our first time to make it into the park and it is just unbelievable that such a place could exist out in the middle of that desert country.

Those of you who have never been to Big Bend we would urge you to try to work it into your schedule in the not too distant future. If you have not been there in the past four or five years you should go again just to see the new facilities in the Chisos Basin.

The Chisos Mountain Lodge is exceeded in beauty only by the view of the country from the lodge itself.

As part of the convention we took a motor caravan down to the Rio Grande and crossed over to the Mexican side by burros, waggons and an old pickup to visit the little village of Boquillas.

This sleepy Mexican town of about 150 people may never be the same after the invasion of about 50 to 75 of us.

At 50 cents a head for carrying us across the river and 50 cents to get back it is a cinch that their economy will be some time getting back to normal.

The people over there live in adobe huts without any of the modern conveniences that we take for granted such electricity or plumbing. They do have a two-room school. Their principle income seemed to be from a little mining, some livestock and the tourists that they can haul across the river.

Incidentally as president of the press group we thought that we might have the same room as Mrs. Johnson occupied when she visited the park, but we fared better than she did in that we stayed in a new, modern motel unit that was not built until after her visit.

We hope to make it back to Big Bend before too long to see some of the area that we could not work into our schedule on this trip.

Our weekend was made complete when we got back and found that it had rained while we were gone. It was not a whole lot but it did prove that nature still knows how.

Notice where there is a new cake mix out now where you add your own butter to make a better cake. When the mixes first came out you just added water and then they decided that it would be better if you added your own eggs—now you add your own butter. What we are waiting for is the one where you buy a box of flour and then add all of the other ingredients to make a better cake.

You can probably tell by this that we have never learned to appreciate the cake mixes

Pipers Take Third In District 5-AA Action

The Pipers lost to Colorado City, 79-64, Friday night and finished up the basketball season in third place in District 5-AA with a 6-4 season. C-City captured the district crown with a 9-1 record, followed by Anson with 7-3.

Hamlin was followed by Stamford in fourth place, Haskell in fifth and Winters at bottom.

Pre-season polls had predicted the Pipers to come in fifth in league play. The Hamlin boys, coached by Earnie Reusch, had a 17-9 record for the season.

Milton Davis poured in 30 points for the Pipers in their losing effort with the Wolves. Hamlin stayed in the game for three quarters as they were ahead by one point at the end of the first period, tied up at the half and only four points behind at the end of the third quarter.

Other Pipers in double figures were Lewis Shelton with 16 points, and Terry Holt with 10.

Colorado City will play the winner of the 6-AA zone play-off between Crane and Marfa in the first round of the playoffs.

Lions Pancake Supper Tickets Go On Sale

The annual Lions Club Pancake Supper will be held Friday, Feb. 24, according to Loyd Burkhardt, president.

Burkhardt has named Bill Davis as general chairman.

Tickets are being sold by members of the Lions Club. Adults will be served for 75c and children for 50c. Serving hours are from 5 to 7:30 p.m.

A cake and pie sale will be held in conjunction with the supper.

Graveside Rites Held Here for Mrs. Clifton Townsend

Graveside rites were held here Wednesday at 3:30 p.m. in Afton Cemetery for Mrs. Clifton Townsend of Odessa.

She was the daughter-in-law of Mr. and Mrs. W. R. Townsend of the Hinson Community.

Her husband, a 1949 graduate of Hamlin High School, and two children survive.

Services were held Wednesday at 10 a.m. in Crescent Park Baptist Church in Odessa.

FORMER MAYOR—

R. Y. Barrow Sr. Rites Held Here Saturday

R. Y. (Bob) Barrow Sr., 72, owner and operator of Barrow Furniture and former mayor of Hamlin, died at 7 p.m. Wednesday, Feb. 8, in the home of his daughter, Mrs. Homer C. Wheeler, McAlester, Okla.

Services were held Saturday at 2 p.m. in First Methodist Church with the pastor, Rev. Cecil Hardaway, officiating.

Born May 9, 1894, in Hico, he was married to Myrtle Simmons there June 1, 1920. They moved to Hamlin in 1920. His wife died in 1953.

He was a member of the First Methodist Church, Hamlin Masonic Lodge, veteran of WW I, member of American Legion, former city councilman, retired funeral director and funeral home operator.

Burial was in Elmwood

Singing Sunday

The Jones-Fisher County singing will be held at 2 p.m. Sunday at Foursquare Gospel Church.

Everyone is invited.

SPLIT PERSONALITIES — Visitors at the high school carnival Saturday night will get a chance to see the "Funny Face Gallery" prepared by the Student Council. Pictures of some 250 students and teachers have been cut and matched with another picture to come up with some strange looking 'characters.' This is just one of the more than a dozen booths and attractions at the carnival which opens at 7 p.m.

County Cotton Farmers Given Larger Yields

Cotton farmers in Jones County were awarded 27 additional pounds per acre to be added to their projected yields according to word received here from Cong. Omar Burleson. This will mean some \$300,000 in additional payments to county farmers.

In Stonewall County the increase will mean an additional \$65,000 and Fisher County farmers will receive \$314,000 more in government payments.

The additional pounds will mean an additional \$2,250,000 income for Rolling Plains cotton farmers, according to Charles Stenholm, executive vice-president of the Rolling Plains Cotton Growers, Inc.

The new yields are aimed at proving relief from some inequities under the Department of Agriculture's Skip-row ruling where Rolling Plains farmers lost 34,785,537 pounds in projected yields.

The USDA authorized 20, 503,296 pounds of cotton to be granted to Texas for various inequities in projected yields two weeks ago.

The State Agricultural Stabilization and Conservation Service Committee announced how this additional poundage would be divided among the counties Friday.

Of the 32 counties in the received relief from the skip-row ruling. The additional pounds per acre will be added to projected cotton yields in the following counties: Child-

ress 17, Coke 5, Concho 30, Cottle 8, Fisher 36, Haskell 24, Jones 27, Kent 15, McCulloch 11, Mitchell 10, Nolan 21, Runnels 32, Schleicher 7, Scurry 24, Shackelford 5, Stonewall 23, Taylor 18, Tom Green 33, Borden 7, and Glasscock 21.

"Complete satisfaction for the Rolling Plains has not been reached however," said Stenholm, "because the formula for distribution of the pounds within the State excluded some Rolling Plains counties from gaining their fair share of the additional poundage."

Stenholm went on to say "We find this action which excludes some counties within the Rolling Plains hard to understand or appreciate. Further action is being continued."

Jones County farmers received about the amount of additional poundage first projected for them but many counties did not fair so well. According to figures furnished by the RPLC association Hall County which was the biggest loser in the skip-row ruling with a loss of 49 pounds per acre failed to receive any relief while some counties gained more than they lost.

The additional poundage is worth 11.2 cents per pound in deferred acreage payments based on projected yields.

Son Injured In Wreck Wednesday

Rev. and Mrs. Salvatore Pistone received word just before noon Wednesday that their son, Sidney, of Tahoka had been critically injured in an automobile accident. He is in the intensive care unit of Methodist Hospital, Lubbock. His wife said that he had suffered head injuries and internal injuries.

Rev. Pistone is pastor of the local Baptist Mexican Mission. His son is pastor of the Tahoka Mexican Mission and a student at Texas Tech, Lubbock. He is married and they have one child.

TAHOKA REPLACES POST—

Football Schedule for Fall Told

The 1967 football schedule for the three Hamlin high school teams was announced this week by Head Coach and Athletic Director Joe Youngblood. The Piper schedule reveals only one change from last year with Tahoka taking the place of Post for the fourth game.

The district that Post is in added a Midland school and forced Post to cancel their game with the Pipers.

As usual the Pipers will open up the season with Rotan with the game being played in Rotan Sept. 8. Their first home game will be with Nolan of Fort Worth Saturday, Sept.

16. This will be the Homecoming game.

The team will travel to Cisco Sept. 22 for their longest road trip — a distance of 65 miles. They will host Tahoka here Sept. 29 and then close out their non-conference schedule at Clyde Oct. 6.

They will open their district competition by traveling to Colorado City Oct. 13 and then return home on the 20th to play Winters. They will travel to Haskell on the 27th and then close out the schedule at home, playing Anson on Nov. 3 and Stamford on the 10th.

Because of re-alignment last year, the Pipers will be playing in Haskell and will be hos-

ting Winters for the first time in several years.

The B Team, coached by Dan Trulove, will be a road team this fall as they will play only three games at home.

They will play Roby, Lorraine, and Trent varsities on the road before coming home to host the Colorado City and Anson B Teams on Sept. 28 and Oct. 5. New on the B Team schedule this year will be the Abilene High and Cooper Junior Varsityes with the Cooper game in Abilene and the Abilene game here. The B Team will close out the season back on the road playing the Anson, Colorado City, and Winters B Teams.

The Freshmen, coached by Earnie Reusch, will play a nine game schedule with two new teams added to their lineup—Coahoma and Winters. They will open up with Coahoma here on Sept. 14 and then will play Colorado City two games in a row, one here and one there. They will play Anson here and then travel to Haskell. They will play Anson again there and travel to Coahoma. Two games with Winters will end their season with the first game here and the second one there.

Pat Hughes, Youngblood's top assistant, will work with all three teams.

The benediction will be given by Rev. Cecil Hardaway, pastor of First Methodist Church.

The Business and Professional Women's Club will be in charge of the decorations. Tickets at \$2.50 per plate are still on sale at all three drug stores and from the directors.

The receiving line will include the retiring directors and their wives, Messrs. and Mmes. S. C. Ballew, J. E. Brown, Louie Cunningham, Wesley Nail, B. O. Bell, and Lee Hastings.

Elbert Payne, Weldon Griggs, David Casey and Milburn Wink will sell and take tickets at the door.

Guests will be registered by Mmes. Payne, Griggs, Casey,

Contract Let On Jaycee Building

The Hamlin Jaycees signed a contract Monday night to construct a 40 by 72 foot community center building, according to Guy Weaver, president. The all steel building will be constructed by Quality Steel Building Co. of Abilene at a bid of \$7,725.00.

The building will be located on SW Fifth on the property given to the Jaycees by the Hamlin Board of Community Development. It is the former location of the BCD's lab. camp.

According to Weaver the building, when completed, will be made available to the general public for meetings and other community projects at a nominal fee to cover the maintenance and operation of the building.

The total cost of the building is expected to be in the neighborhood of \$10,000 which will include the steel structure, plumbing, heating and wiring. Bids have not been let on anything except the steel structure at this time.

The Dutch Blue building will have a white roof and a white entrance which will face south Fifth Street. The interior will be of structural steel and will be in Honey Gold. The complete building will be insulated.

Across the West end of the building will be located a 12 by 16 foot kitchenette, two restrooms with lounges and a 12 by 12 foot storage room. Evell Mackey and Skipper Smith have been named co-chairman for the building project and will have several committees working under them.

BCD members Holly P. Toler and John C. Bryant will be assisted by C. L. Howard and Bill Foster in making the study. Toler is chairman.

Some work has been done at the local air strip by Clarence Fisher, owner of Hamlin Flying Service. The group will report their findings to the BCD and if feasible, the organization will consider raising funds to help with the undertaking.

The air strip is used for aerial spraying, charter flights, flying lessons, air ambulance service as well as business flights into Hamlin.

Williams is the manager of the Hamlin division of Plains Coop Oil Mill.

Think.

What else besides Long Distance telephone service costs you less today than it did 20 years ago?

Tough question. Not many things have gone down in price these past few years. Most goods and services have zoomed up in cost.

Long Distance rates are a pleasant exception. There have been ten rate reductions in Texas since World War II.

Nowadays, you can make a three-minute, station-to-station call to anywhere in the continental United States (except Alaska) for \$1 or less after 8 p. m. or all day Sunday. This is the lowest rate ever. (Interesting comparison: The first transcontinental phone call, made in 1915, cost \$20.70.)

And service today is faster and more convenient than ever before.

Better service at lower cost; we think that's a winning combination. Don't you?

Mr. and Mrs. Lynn Flowers, accompanied by Mrs. A. L. Flowers of Stamford, were dinner guests in the home of Mr. and Mrs. Rex Flowers in Abilene last Tuesday. On Tuesday evening the group attended the Fred Waring and his Pennsylvania's show at Hardin-Simmons University.

It has been announced that there will be an organizational meeting of the outsiders men and women's volleyball teams at the Old Glory School on Tuesday night, Feb. 21, at 7:00.

Dennice Pierce, youngest daughter of Mr. and Mrs. C. T. Pierce, is a patient in the Haskell Hospital.

Mr. and Mrs. Kenneth Spitzer of Canyon are parents of a baby boy born Feb. 9, named Chad Wayne. Maternal grandparents are Mr. and Mrs. J. E. Flow. Paternal grandparents are Mr. and Mrs. Garrett Spitzer. Mrs. Fred Spitzer of Haskell and Mrs. W. G. Wienke are the paternal great-grandmothers.

Bill Early Named 'Rookie of Year'

Bill Early, local insurance man, received the "Rookie of the Year" award from the Midland-Odessa Chapter of General Agents and Managers Association. Early is a member of the Abilene Association of Life Underwriters.

The basis for this award was the competitive award based upon all new men entering life insurance that had less than three years of service in that field.

He entered the life insurance business in November in 1965, after five years in the grocery business.

He is with Great National Life Insurance Company and has completed all of his company's basic life insurance courses and is presently enrolled in the Life Underwriters Training Council, Part I.

He and his wife, Wanda, have three children. They are members of the First Baptist Church.

RECOVERING FROM BROKEN NECK

W. H. Murphree is showing improvement at Hendrick Memorial Hospital in Abilene where he has been hospitalized since Jan. 20 for treatment of a broken neck.

He was injured in a fall from a ladder while working on a house construction job Jan. 14. He was hospitalized here before being transferred to Abilene.

Crutchfield tongs were placed on his head and weights attached. On Jan. 20, in a 5 1/2 hour operation, the broken bone was removed. A second operation was performed to place bone plugs that had been made from bone in the hip.

The tongs were removed Thursday and he is taking therapy one hour per day. He wears a brace only when he is sitting up or gets out of bed.

He is in room 344.

Mr. and Mrs. Jewell Farris of Lubbock and Mrs. Jack Henley of Sylvestre visited last week with Mrs. Mary Avants and family.

The Lord is my shepherd

The 23rd Psalm is one of the most familiar chapters in the Bible. Early in life, most of us have committed it to memory. Every once in a while we should go back to these verses and think of the wonderful message of faith and trust in God that they reveal to us. They show us that we have a loving Father; one who will show us the right paths; one who will protect and provide for us. These scriptures end with a note of thanksgiving and a promise.

"Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever."

Plan to start a regular worship in the Lord's house this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Sylvester News...

By Mrs. R. M. Babb
It is a beautiful Monday morning. We had 36" of rain Saturday morning and were very proud of it; but we need much, much more.

Mrs. Mary Porter of Roseco visited with her parents one day last week. Milt and Clara are always glad to see the grandchildren.

The Jerry Prather family of Sweetwater visited in the W. B. Brown home on Sunday afternoon.

Mr. C. S. Robinson went to Ft. Worth on Sunday to visit with his daughter.

We drove to the Hamlin Hospital on Sunday to visit and found that Mrs. McCormick Sr. of Roby had been discharged. Mrs. Woodrow Lawlis had also gone home having been there for a wrenched back. Mrs. Alfred Douglas was much improved and hoped to go home on Monday. Mrs. Truman Mauldin was feeling better, also hoping to be able to go home Mon. Mr. E. C. Kiser was resting some

What people are saying about...

A CLEAN BREAK WITH THE PAST

"It meets with total-family approval," is what the Jack Rogers family of Abilene say.

Mr. and Mrs. Rogers, Jim and Jenny live in over 1500 square feet of total electric GOLD MEDALLION comfort, and they like it all. "We like electric baseboard heating because it's quiet," Mrs. Rogers says. "It's controlled heat from room to room. We like to turn off the heat in the bedrooms at night."

The cooling, lighting and extra outlets add conveniences, too. "And we like electric water heating because we're never out of hot water," Mrs. Rogers says. "My electric range is easy to clean, and it doesn't black-up my pans."

Operating cost is only \$21.53 per month average—thanks to WTU's low 10¢ winter heating rate.

Why not step up to total electric living and find out what you have to say about it!

*Plus tax and fuel adjustment.

It Costs Money to Feed Cattle Lice According to County Agent

It costs money to feed cattle lice. These parasites, points out County Agent Kirby Clayton, are among the most damaging to beef cattle.

Cattle infested with lice spend a lot of time rubbing against fences, posts, or other objects due to the annoyance caused by these insects. Cattle on feed do not gain as they should and require more feed for a pound of gain when infested, says the county agent.

Infested cows lose weight and their calves become prime targets for the pests. Reduced weaning weights of calves is one spot that really hits the pocketbook hard, says Clayton.

Cattle lice are common over the entire state and include both the biting and sucking types. Their populations build up rapidly after cool weather arrives in the fall.

Sucking lice, short-and-long-nosed, pierce the animal's skin and feed by sucking blood. They are usually found, says the agent, on the sides of the animal's neck, on the brisket, back, inner surface of the thighs, tail and around the nose, eyes and ears. Chewing lice are smaller and are

usually found on top of the shoulders and around the root of the tail but may also infest other parts of the body.

Many chemicals are available for controlling lice as well as other external parasites of farm livestock, says Clayton. Because of restrictions and safety suggestions which apply to the use of control measures, Clayton invites stockmen to come by his office for a copy of MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry."

STEVE FEAGAN STILL IMPROVING

Steve Feagan is continuing to improve at John Sealy Hospital in Galveston. Reports received here from his parents, Mr. and Mrs. Bill Feagan, who are with him, indicate that they may get to come home Friday or Saturday.

Steve received serious electrical burns in an accident near here Jan. 8.

Miss Marilyn Maynard, granddaughter of Mrs. Alvia Maynard, returned last week to Austin to continue her medical training.

Student Council Carnival Rescheduled for Saturday

Tommy Oliver

The Student Council of Hamlin High School is sponsoring the annual school carnival Saturday evening at 7 p.m.

Booths have been set up in the old gymnasium that is above the cafeteria. These include Coke bottle pitch, pie throw, funny face gallery, wheel of fortune, soft ball throw, dart throw, penny pitch and go fishing.

A spook walk has been planned in the library. Bingo and the cake walk will be set up in the cafeteria.

Outside the entrance to the cafeteria will be the hammer swing and the Dunkin' Sam.

Two variety show performances will be held in the auditorium. Musical numbers by the newly formed Tequila Brass and skits and contests will be featured. The shows will be held at 7:30 and 8:45.

The Library Club met Wednesday at noon to form a committee to plan their booth at the Carnival.

The Junior Class is moving

right along in their plans for the Junior Play Mar. 3. The class began selling tickets Wednesday. Kathy Moore, Margaret Cooper, Pauline Lakey, Gayle Wigington, Linda Bailey, Debra Brown and Nancy Brown are on the committee to make signs and posters advertising the play.

First and second Spanish students alike are busy learning a new song being taught by Mrs. Scott. It is "La Bambola."

The Spanish Club presented the program at the Tuesday night meeting of the B & P W Club. Sharon Hawkins and Kathy Moore told jokes. Mrs. Scott played recordings of the different classes singing and Janet Carson, Margaret Johnson, Janice Hardaway, Helen Moore, Jean Young and Sue Roddy sang.

The Piper annual staff is beginning to finish up the yearbook this week by meeting one of the last scheduled deadlines. Everyone is really putting it out when Mrs. Fowler is there, but wait until she is gone and what a different story it soon becomes.

ENOUGH IS ENOUGH — After being broken into three times this past year Joe Hudspeth, owner of Joe Hudspeth's Tire and Appliance Store here, installed a burglar alarm system this week. Mr. Hudspeth, right, looks on as a work-

man for the Abilene Burglar Alarm Service installs the system on the front door. Any break in the tape installed on all of the windows and doors of the building will set off an alarm at the Police Station here.

As It Looks From Here—

Burleson Sees Need for More Cooperation Between Agencies

Omar Burleson, M. C. 17th District, Texas Washington, D. C. — It is approximately 1800 miles from the center of the 24-County Seventeenth Congressional District of Texas to the Federal Treasury in Washington where funds for the Great Society are stored.

To get there, however, requires quite a few detours. In some cases it is by St. Louis; Billings, Montana; Fort Worth; Dallas; Denver; Tulsa; Omaha; Chicago; Detroit; or Kansas City.

These places are the regional outposts of the Federal bureaucracy, and many of them — like Sears and Roebuck and Montgomery Ward — offer competing brands of Great Society programs, wrapped up in different packages and sold on different terms.

For local officials dealing with this governmental maze it is like running an obstacle course with no certainty of ever reaching the end of the track. If he is plagued with a water problem he may be sent to the Farmers Home Administration in Temple or to the Federal Water Pollution Control Commission in Kansas City, or to the Community

Facilities Administration in Fort Worth, or to the Economic Development Administration in Detroit, or to the State Capitol, or to Washington or to some other place or agency. It is a bewildering, frustrating road to travel.

All over America, Governors, Mayors, City Managers and State Legislators are complaining bitterly of what ought to be a fairly simple task — getting the money the Congress has voted to build the Great Society and using that money to the best advantage locally without so many "guidelines," the ends of which are held in Washington.

"Creative federalism" is a phrase now being often used by the Administration, which actually means "cooperation" between the many layered bureaucracy in Washington and its counterparts in the State and local governments.

It really is a simple concept and crucial to the social objectives and political success of the new program provided by Congress during the last two or three years.

It was easy enough in 1965 and 1966 to vote billions for education, health, welfare, urban renewal and poverty

wars, but unless those billions buy what they are supposed to buy, and unless they get down to the people they are supposed to help, what is the purpose of them?

As these programs now operate, the money must pass through a governmental apparatus so vast and so complicated it defies description. It is made up of nearly 100,000 separate units of government, ranging in size from the local sewer district in a Texas town to a vast highway running the length of Appalachia. It employs millions of people in hundreds of bureaus, agencies and departments in offices scattered half way around the earth from Guam to the Virgin Islands.

The question is being constantly asked, "Is it possible to unite them in the kind of a single-minded national effort the Administration envisions, and is there any organizational set-up which can really function efficiently to do the job?"

It is now obvious that these questions have got to have answers, and affirmatively, if all these plans are to bear fruit and if the billions committed are to have any meaningful impact on the life of America.

There is talk of reorganization. Governors are fed up with rules, regulations, guidelines, delays and unmet promises, and some are demanding that they be given the money without Federal interference.

The idea of a tax rebate to the States is catching on. Because of the weaknesses in the present system, the idea may gain a lot of momentum unless corrections are made, and made soon.

Mike Murphree Represents Scout District In Austin

Mike Murphree of Explorer Post 43 represented the Northern District of Chisolm Trail Council, Boy Scouts of America, at the Report to the Governor conference held in Austin Saturday.

Five boys from the Council, accompanied by Bennie Young, Scout executive, left Abilene Friday afternoon and returned Saturday evening. One boy from each district in the council made the trip.

The group toured the Texas Archive Building and the Supreme Court Building and then went to the House of Representatives chamber to hear Gov. John Connally speak.

Secretary of State John L. Hill was speaker for the noon banquet that closed the conference.
